## PROFILE

Passionate about bringing ideas to life through stunning, user-friendly web designs. With a solid foundation in **HTML5, CSS3, JavaScript, and Bootstrap**, I create visually appealing and fully responsive websites that not only look great but also function seamlessly across all devices.

I thrive on designing clean, modern interfaces that enhance user experience, ensuring every element serves a purpose. Whether it's a sleek portfolio, an interactive landing page, or a full-fledged website, I love turning concepts into reality with a keen eye for detail and a touch of creativity.

## PROJECT

### Portfolio Data Analyst Website Development

Mar 2025 — Mar 2025

- Designed and developed a **portfolio website** to showcase projects and enhance professional visibility.
- Implemented creative CSS effects to **dynamically change the navigation background** when users hover or click on each section.
- Constructed a well-structured, visually appealing resume section that is both readable and **downloadable**.

### A charity organization website

Feb 2025 — Apr 2025

- Designed and developed a fully functional **charity organization website** using **HTML, CSS, JavaScript, and Bootstrap**.
- Implemented a **dynamic donation progress bar** using CSS to visually represent the percentage of donations achieved and the remaining goal.
- Integrated a **custom gallery display** using CSS and JavaScript to enhance user engagement and interactivity.

### A website for a fashion industry

Jan 2025 — Feb 2025

- Developed a fully responsive **fashion website** using **HTML, CSS, JavaScript, and Bootstrap**.
- I leveraged **Bootstrap's grid system and components** to ensure seamless responsiveness across all screen sizes.
- Designed an engaging **hero section** featuring a video of a woman wearing the dress, enhancing the website's visual appeal and storytelling.

### An e-commerce website

Apr 2024 — Jul 2024

- Developed a **responsive online food ordering website** using **HTML, CSS, JavaScript, and PHP** for both frontend and backend functionality.
- Utilized **PHP and a database** to securely store customer information and process payments.

- Implemented **user authentication** with a **register and login system**, allowing customers to create accounts and save their details.

## EDUCATION

---

### High School Diploma, Sacred Heart High School

Benin City

Sep 2018 — Jul 2023

## CERTIFICATE

---

### Rolof Computer Academy

Warri

Oct 2023 — Jul 2024

Completed these courses;

- Computer Proficiency & Web Programming

## EXPERIENCE

---

### Engaged in insightful discussions with STEM professionals, organized by my high school

Benin City

Feb 2023 — Feb 2023

- It was an inspiring seminar where industry experts shared how **technology is shaping the future** and why it's the next big thing.
- Gained valuable insights into the **endless opportunities in STEM**, from **high-demand jobs and competitive salaries** to the flexibility of working from anywhere.
- Left the seminar motivated to **keep expanding my web development skills** and stay at the forefront of the ever-evolving tech industry.

### Extracurricular programming course, organized by my high school

Benin City

Apr 2022 — Jun 2022

- Took part in my high school's **extracurricular coding program**, where I was introduced to **HTML and CSS**.
- Initially joined out of curiosity, but quickly became fascinated by how simple lines of code could create **beautiful and functional web designs**.
- The experience **sparked my passion for programming**, inspiring me to dive deeper into how websites, apps, and other digital solutions are built.
