## Front End Developer

I am passionate about bringing ideas to life through stunning, user-friendly web designs. With a solid foundation in **HTML, CSS, JavaScript, Bootstrap, React, Tailwind, Node.js**. I create visually appealing and fully responsive websites that not only look great but also function seamlessly across all devices.

I thrive on designing clean, modern interfaces that enhance the user's experience, ensuring every element serves a purpose. Whether it's a sleek portfolio, an interactive landing page, or a full-fledged website, I love turning concepts into reality with a keen eye for detail and a touch of creativity.

## EDUCATION

---

### Bachelor of Science in Software engineering

University of Europe for Applied Sciences

09/2025 - 09/2029

## CERTIFICATIONS

---

### Certified in Full-stack development

Aco Multimedia Tech Academy

05/2025 - 10/2025

### Certified in Computer Proficiency & Web Programming

Rolof Computer Academy

10/2023 - 07/2024

## PROJECTS

---

### A charity organization website

02/2025 - 04/2025

- Designed and developed a fully functional **charity organization website** using **HTML, CSS, JavaScript, and Bootstrap**.
- Implemented a **dynamic donation progress bar** using CSS to visually represent the percentage of donations achieved and the remaining goal.
- Integrated a **custom gallery display** using CSS and JavaScript to enhance user engagement and interactivity.

### Portfolio Data Analyst Website Development

03/2025 - 03/2025

A client

- Designed and developed a **portfolio website** to showcase projects and enhance professional visibility.
- Implemented creative CSS effects to **dynamically change the navigation background** when users hover or click on each section.
- Constructed a well-structured, visually appealing resume section that is both readable and **downloadable**.

### A website for a fashion industry

01/2025 - 02/2025

- Developed a fully responsive **fashion website** using **HTML, CSS, JavaScript, and Bootstrap**.
- I leveraged **Bootstrap's grid system and components** to ensure seamless responsiveness across all screen sizes.
- Designed an engaging **hero section** featuring a video of a woman wearing the dress, enhancing the website's visual appeal and storytelling.

### An e-commerce website

04/2024 - 07/2024

- Developed a **responsive online food ordering website** using **HTML, CSS, JavaScript, and PHP** for both frontend and backend functionality.
- Utilized **PHP and MySQL** to securely store customer information and process payments.

- Implemented **user authentication** with a **register and login system**, allowing customers to create accounts and save their details.

## SKILLS

---

- |              |              |                            |
|--------------|--------------|----------------------------|
| • HTML       | • React      | • Communicator             |
| • CSS        | • Tailwind   | • Attentiveness to details |
| • JavaScript | • Node.js    |                            |
| • Bootstrap  | • Teamplayer |                            |
